

Audit activity is prevalent and can affect you.

Are you protected by our Audit Shield service?

What is the Audit Shield service?

Our Audit Shield service provides for the payment of professional fees incurred in the event that you are selected for an audit, enquiry, investigation or review instigated by the Australian Taxation Office (ATO) or other relevant Australian Government authorities.

The cost of being properly represented can be quite considerable depending on the circumstances. Even a simple enquiry can require hours of work.

What does Audit Shield cover?

All professional fees up to a prescribed limit (with no excess) are covered when you engage us in audit activity matters. Our fees, in addition to legal fees, bookkeeping fees and other specialist professional advisor fees required to assist us in our responses, are covered. Audit Shield is retrospective, so all previously lodged returns are also included in the coverage.

Income Tax, GST and BAS, PAYG Withholding, Fringe Benefits Tax, Land Tax, Stamp Duty, WorkCover and Self Managed Superannuation Funds (SMSFs) are just a few items included in the extensive Audit Shield coverage!

Is Audit Shield right for you?

All of our clients can take advantage of Audit Shield. Different levels of cover are available for salary and wage earners, businesses and SMSFs.

Anyone can be targeted, even if their lodgements are accurate. It is not a reflection on the quality of work from your accountant. With this in mind, we offer you the opportunity to protect yourself with Audit Shield.

Would you like more information?

If you would like to learn more about Audit Shield, please ask your accountant or one of our team members.

It can happen to you!

A Payroll Tax Audit was initiated in respect to grouping rules and payments to contractors. At the conclusion of the audit the total professional fees of \$14,867 were fully covered by Audit Shield.
